## **WA Sporting Car Club Life Membership Nomination Guidelines**

The award of Life Membership is the highest honour the Club can bestow on an individual. As such only those who have made an outstanding contribution to the existence or effectiveness of the association during their membership should be deemed worthy recipients.

### **Criteria:**

Each nomination for Life Membership of the WA Sporting Car Club (WASCC) will be considered on individual merits. The criteria listed below is to be demonstrated over a minimum period of ten (10) years, unless exceptional circumstances are cited.

### **Decisions will be made based on:**

- Sustained service to the WASCC, that is well above what is normally expected.
- Significant leadership within the WASCC.
- Outstanding innovation in activities within WASCC.
- Continuing support for the WASCC beyond that member's own competition activities.
- Financial member of the WASCC for a continuous period no less than 10 years.

### **Process:**

- 1 The process for election to Life Membership is as per the WASCC Constitution.
- 2 All nomination submissions must address the criteria for selection as outlined above.
- 3 The nomination must articulate the reasons why Life Membership is considered appropriate. Where possible, specific examples of work or involvement should be cited.
- 4 Nominations must be treated confidentially by the nominator(s) and the Board.
